

GENESIS Ordering Instruction for DME

1. Choose "ADD ORDER" (top left of screen)
2. In search bar type "REFERRAL REQUEST 2.0" - Choose "DONE" (bottom right of screen)
3. Under Details for Referral Request:
 - Referral Order Type "DME"
 - Under Medical Service select "Durable Medical Equipment & Prosthetics"
 - Referral Reason: Enter cut/paste verbiage from suggested product ordering verbiage or something relating to the diagnosis (*i.e. Needs Custom Orthotics/brace*). Include the type of product and HCPCS code associated with the product requested. IF COPY/PASTE DOES NOT GO HERE IT MUST GO INTO 'ORDER COMMENTS'
4. Order Comments: Paste the verbiage from the cut/paste suggested product verbiage in the catalog here.
5. Diagnoses: Enter Dx here (i.e. M21.40 for foot/ankle/gait diagnosis)
6. Choose "SIGN" (bottom right)

*Any additional notes you want Tactical Rehabilitation to see please put in ORDER COMMENTS TAB (ex: Patient has leg length discrepancy, please add full foot lift.)

1.

The screenshot shows the Genesis software interface. At the top left, there is a navigation bar with a home icon and the word 'Orders'. Below this, there are several tabs: 'Add', 'Document Medication by Hx', 'Reconciliation', 'Check Interactions', 'External Rx History', and 'Rx Plans (1): Department of...'. A red arrow points to the 'Add' button. The main area is divided into a left sidebar and a main content area. The sidebar has a 'View' section with a tree view of categories like 'Orders for Signature', 'Plans', 'Document in Plan', 'Suggested Plans (0)', 'Orders', 'Admit/Transfer/Discharge/Status', 'Patient Care', 'Activity', 'Diet/Nutrition', 'Continuous Infusions', 'Medications', 'Laboratory', 'Diagnostic Tests', 'Card/Vasc/Neuro', 'Respiratory', 'Therapies', 'Consults/Referrals', 'Communication Orders', 'Supplies', 'Procedures', 'Special', 'Non Categorized', 'Medication History', 'Medication History Snapshot', and 'Reconciliation History'. The main content area shows a table of orders. The table has columns for 'Order Name', 'Status', 'Refills Remaining', and 'Dose...'. The 'Medications' section is expanded, showing a list of lab tests and diagnostic tests. The 'Laboratory' section includes 'Thyroid Stimulating Hormone (TSH)', 'Free T4 Level', 'Glucose, Fasting', 'Vitamin D 25 Hydroxy Level', 'Lipid Panel', and 'Comprehensive Metabolic Panel (CMP)'. The 'Diagnostic Tests' section includes 'MRI Spine Lumbar w/o Contrast (MRI L-Spine w/o Contrast)' and 'XR Ankle Complete 3+ Views Bilateral'. At the bottom right, there is a 'Details' section and a 'Done' button.

2.

The screenshot shows the 'Add Order' window in the Genesis software. At the top, there is a patient information bar with the following details: 'Male 83.3 kg', 'SSG - Active Duty - Army', '[Clinic] - Reg Dt: 01/28/22 08:4...', 'Special Duty: Resuscitation: No Known Allergies', and 'Allergies: No Known Allergies'. Below this, there is a 'Diagnoses & Problems' section on the left. The search bar contains the text 'referral' and a magnifying glass icon. The search results are displayed in a list, with 'Referral Request 2.0' selected. The search results also include 'Dental Referral Request' and 'Initiation tx OUS in ED, inc assess, referral & arranging access to supportive services (+-on) G2213'. The search results also include 'PM: Ongoing care not clinically indicated, Pt needed home program, referral/consultation only M1146' and 'Enter to Search'. At the bottom right, there is a 'Done' button.
